January-March 2012

WELCOME BACK EVERYONE!

Lots of exciting things happening again this year at DRMS! As usual, we will be having our two student concerts which are a good way for students to show their great talents. We will also be running more competitions with great prizes to be won. Look out also for our fun packed school holiday programs. These give you the opportunity to write, jam and record your own songs with others. So stay tuned!

A: Eventually a savings bond will mature and earn money!

A: Put a music chart in front of him.

A: None. They can't get up that high.

- Iggy Pop, Mick Fleetwood and David Soul have each done a guest appearance in the sci-fi TV series "Star Trek".

- The LP (long-playing) record was invented by Paul Goldmark in 1948. The LP is not dead yet! More than 10 million LPs are sold every year.
