## Jokes Corner

**Q:** What's the difference between a guitar and a tuna fish?

**A:** You can tune a guitar but you can't tuna fish.

**Q:** Why are so many guitarists jokes one liners ?

**A:** So the rest of the band can understand them.

**Q:** What do you get if you run over an army officer with a steam roller?

**A:** A flat major.

## Did You Know?

- It consists of silence only. The piece 4'33' was written by John Cage and consists of three movements. The pianist stays silent and the audience is suppose to listen to the ambient sounds.
- Leo Fender, inventor of the Fender Telecaster and Stratocaster guitars, could not play guitar.
- Elvis Presley didn't write any of his songs.
- None of The Beatles could read music.

Ever wondered what it would be like to be in a rock band writing songs and recording? Well now you can do it! In each week of every school holiday, we offer a song writing and recording program that runs for 5 days (Monday to Friday). It is held from 9am until 12pm.

In this fun packed program you will:

- learn how to write a song in a group
- jam with other musicians
- improve skills and techniques on your instrument
- develop your self-confidence
- experience the process of recording a song

At the end of the week, you will be the proud owner of your own song on a CD. For more details contact us on 9589 2535.
